## Jogin I (6,456m) and Mt. Jogin III(6,116m) Expedition

Mt Jogin I and III are located in the Gangotri Valley of Garhwal Himalayas in Uttarakhand. The climb to the Base Camp, that is Kedar Tal, is itself a challenging hike. However, the vistas of the beautiful lake at Kedar Tal and stunning views of Mt Thalaysagar make the climb to the Base Camp a rewarding one.

The climb from here onward is technical in nature. This expedition gives the climber the rare opportunity of summiting 2 peaks at on go.

**Base Camp:** Kedar Tal altitude of 4780m.

**Advanced Base Camp:** 5150m.

**Camp I:** Altitude at 5470m

**Summit Camp:** Altitude at 5780m

**Summit:** 6,116m and 6456m

**Cost:** INR 65,000 for a group of minimum 5 members and INR 70,000 for a group of 3-4 members.

RAG believes in providing special attention to each of its guests and hence, unlike other trekking / expedition organizations, does not conduct its fixed departures with large number of people in a group. A typical expedition group would consist of 5-10 members.

**If the number of members is less than 3 as on 15days prior to the expedition departure, a full refund will be given to the 2 members.**

The above is the cost for a fixed departure. Should you want to customize this as per your dates and convenience; the same can also be arranged. Costs can be customized based on services required.
